

第五届“中国光谷”国际光电子博览会暨论坛 (OVC EXPO 2006

发布时间 : [2006-6-1]

OVC EXPO 2006

1. PREFACE

The 5th Optics Valley of China International Optoelectronic Exposition and Forum (OVC EXPO 2006) will be held in Optics Valley of China (OVC) on November 2-5, 2006.

The yearly OVC EXPO with great support of Ministry of Information Industry, Ministry of Science and Technology, Ministry of Education, State Intellectual Property Office, Chinese Academy of Sciences, Chinese Academy of Engineering, the People's Government of Hubei Province and the People's Government of Wuhan Municipality, is an important gathering of optoelectronic industry circles in China. More than 1,000 exhibitors from home and abroad were attracted to attend OVC EXPO since 2002.

Optical Valley of China (Wuhan East Lake Hi-Tech Development Zone) enjoys high reputation in the optoelectronic industry. The only State Optoelectronic & Information Industry Base is located in OVC. It is the largest manufacturing base of fiber in China and the 2nd largest in the world. OVC is also the largest research and industrialization base of optoelectronic devices as well as the largest laser processing and application equipment base in China.

We are looking forward to meet you in OVC this November.

2. ORGANIZATIONS

SUPPORTERS

Ministry of Information Industry, PRC

Ministry of Science & Technology, PRC

Ministry of Education, PRC

State Intellectual Property Office, PRC

Chinese Academy of Sciences

Chinese Academy of Engineering

The People's Government of Hubei Province

The People's Government of Wuhan Municipality

ORGANISERS

China Information Industry Trade Association

The State Optoelectronic & Information Industry Base of China

ORGANIZING PARTNER

The Productivity Promotion Center of Wuhan East Lake Hi-Tech Development Zone

3. EXHIBIT PROFILE

- Optical Communication Technology and Equipment
- Fiber Optical Transmission Product
- Optical Cable Inspection and Monitoring Equipment
- Optical Fiber Network
- Cable TV system
- Optical Communication Components
- Mobile Communication and Equipment
- Laser Instruments and Laser Using
- Semiconductor Laser, CO2 laser, Solid laser, Gas Laser, Fuel Laser, Excimer Laser, Laser processing equipment for marking, carving, joining, cutting, numerical control, inner carving, scribing, jet printing, heat treatment, boring and plate making
- Laser Infrared and Infrared Equipment
- Optical Displays and LED Semiconductor Lighting
- Display Components & Equipment
- (TFT/LCD, TN/STN LCD, PDP, LCD, OLED/PLED, FED, VFD, EDP)
- Displays Technologies
- Optical Data Storages and Product
- Optical Sources
- Optical Instruments
- Optical Processing Equipment
- Optoelectronic Materials

武汉, 2006年11月1日 - 5日

意大利亚洲商会参加了在2006年中国武汉举办的第六届“中国光谷”国际光电子博览会，该展览是由中国信息产业商会主办的。

参与此次展览会的意大利企业共6家：

COSTRUZIONI OTTICHE MECCANICHE DI LOLLI ADRIANO

FIBER TECH GMBH

O.D.L. SPA

VINCI FINE INSTRUMENTS

AFOP

M.U.T. GMBH

SPECTARIS

Wuhan, 1-5 novembre 2006

Il Consorzio Italiasa ha promosso in Europa la più importante fiera internazionale nel settore dell'optoelettronica in Cina, l'**OVC EXPO 2006** di Wuhan, il più importante centro per lo sviluppo del settore in Cina.

Hanno partecipato con un proprio stand in fiera le seguenti aziende:

COSTRUZIONI OTTICHE MECCANICHE DI LOLLI ADRIANO, FIBER TECH GMBH, O.D.L. SPA, VINCI FINE INSTRUMENTS, AFOP, M.U.T. GMBH, SPECTARIS
